

### Exclusive Premiere at The Progspace:

- We offer **1 exclusive premiere sport every week** – once that spot is taken there is always the option for a normal premiere on our website (see below)
- **At least 24 hours before** the official premiere date, **exclusivity only on our website** with an article under “**The Progspace Presents**” with all social media channels promoting it. The Video should NOT be shared on any other platform, only through the article we publish at The Progspace. The Band/Artist will share our article only, not the video directly.
- One square ad banner for 1 week on the right-side column in our website.
- In order to prepare the post and the banner, we need the full confirmation as well as the below-listed information and assets **at least 5 days before** the premiere on our website.

### Normal Premiere at The Progspace:

- **Before or on the day of the official premiere: “The Progspace Presents”** article and sharing in all our social media channels. The Band/Artist can share the video on their channels and other websites, preferably linking and mentioning the premiere at The Progspace.
- We need full confirmation and the below-listed information and assets **at least 2 days** before the premiere.

---

### For both Premiere styles, we need:

- YouTube link of the video ‘Unlisted’ or its Vimeo equivalent (preferably YouTube).
- Single Artwork.
- Band/Artist promotional photo.
- A short paragraph with information about the Song (what is it about, inspiration, etc).
- Video and Song credits.
- If part of an upcoming album: information about it, release date, label, producer, etc.
- Links where to Order, Pre-Order, Band/Artist website and socials.

---
